

Parent Session with Myles Himmelreich

Please join us for an interactive evening session with Myles Himmelreich. Myles is a well-known motivational speaker, having presented nationally and internationally for many years, sharing his experiences of living with FASD. In his work as a mentor to other youth and adults with FASD, Myles has helped them to understand and accept that we may share similar struggles but also the desire to succeed. He has done a great deal of work as a consultant to many different agencies and at many conferences. Myles was also a co-lead of a groundbreaking study on the health and physical issues of adults living with FASD. His goal is to bring awareness, acceptance and a true understanding of FASD to his audiences.

This session is for parents/caregivers supporting individuals with FASD.
