

Based on the acclaimed work of FASD expert and published author Diane Malbin,

Demystifying FASD and other brain-based conditions

Developing accommodations that really work

FASCETS
CANADA EAST

Fetal Alcohol Spectrum Consultation
Education and Training Services

In This Webinar You Will Learn...

- What FASD is and how it impacts the brain
- How to reduce or eliminate the likelihood of challenging behaviours
- Information about overlapping diagnosis and how this informs systems, and
- How to develop individualized person-centered accommodations that lead to success

" It is critical that everyone who is working with a person with FASD experiences this training! It has increased my understanding which has opened up so many options for supporting my clients, successfully!" Clinical Therapist, 2020
